Additional comments:

1. The speakers were tops. Thank You.
2. A/V equipment problems were a morning distraction, air condition was noisy.
3. More Terri Watkins. Joe Slye Media Presentation a little long. Kym Koch Crisis Communication: we are not police department, could be good if she knew her audience. Facilities: sound problems and only one bathroom. Food: I would not have chosen jalapenos for lunch. The training is a great idea and was overall well targeted for its audience.
4. Great job.
5. Way to go LeAnn & Donna Ward.
6. Better preparation needed with the audio vide equipment. Watch for surprises.
7. Good information training for all agencies. Outstanding book of news media and outstanding training as a whole.
8. Didn't hear Terri Watkins.
9. Very informative presentation. I was very pleased.
10. Need more of these types of workshops.
11. Facilities: not enough restrooms for participants.
12. Food: cookies a #5, way to cold, audio a mess.
13. Please advise Joe to refrain from using a term (G.D.) that I find offensive in nature. It was very difficult to hear the morning discussion and presentations. Too many technical problems that should have been already taken care of. Video playback also didn't work well.
14. Facility needs more restroom facilities.
15. Facilities: too hot, needs more restrooms.
16. Hourly breaks. Test run the interview recordings in advance. More restrooms. Great Job.
17. Good training. Cursing could be left out.
18. The audio equipment should have been tested before the class began.
19. Remove "working" from lunch, food was not up to par. Wraps and fruit are not filling.
20. Need better planning and trouble shooting of audio equipment, sound checks, etc.

21. Handouts were fuzzy but excellent. Facilities: only one restroom. Quality of food: bag the sandwich and chips; makes pick up easier and faster. Terri Watkins: appearance and pronunciation not reflective of this seminar. Joe Slye Media Presentation, excellent, coped with technical failures well, great tools to learn from. Kym Koch Crisis Communication, extremely confident and excellent presenter. Joe Slye Public Presentation, effective, positive, excellent communicator.
22. Excellent Program.
23. Handout materials all in one bag, great. Quality of food, lunch was fair, cookies were great. Plan in case of a tornado; need more than 2 restrooms. Audio issue annoying.
24. Handout materials blurry, hard to read. Facilities, too cold, need more than one restroom. Quality of food, not enough sandwiches, wraps were soggy. Speakers/presenters were great.
25. Too cold in the room. Sound equipment problems. Still a nice training session.
26. Facilities; not enough restroom, audio problems.

Overall the training was well accepted by all participants. The audiovisual issues were nuisances during the a.m. session but were corrected for the most part by the p.m. session. The lack of restrooms was a concern but when the participants were informed that there were additional facilities available the issue was resolved. The lunch issues were minor in nature. Overall the food and refreshments were well received. The comments received on the speakers were all positive with the exception of the few curse words that Mr. Slye used. Even though he only used a few curse words, there was a specific group that took them offensive. As in all training sessions, there are going to be some people who will be hot no matter what the room temperature is and there will be some people who will be cold. The hotel was very responsive to all of our request including adjusting the temperature and supplying additional coffee.
